### ITEM OF INTEREST

"If you need a map to find any street address or a country town, try this site [http://mappoint.msn.com/\(kjdq0z55p2q1hv455mmob155\)/home.aspx](http://mappoint.msn.com/(kjdq0z55p2q1hv455mmob155)/home.aspx) it has very good maps and is the only one that I have found that actually finds my place here in the bush, all the others give a rough site in a 20 mile square, makes it easier than drawing mud maps."

(From a friend in QLD)
