Visitors *	 * And family members; Vince & Sue's son Chris and partner Tania Cheryl's daughter Deb, husband Jim and family Vickie's son-in-law Mark and his daughter Georgina

What a great Day!

Weather was great with sunshine and mild conditions. Park surroundings were great, plenty of room for the camp cookers and the kids. And a great roll up of club members. Thank you to all that attended

With the campfires started early to ensure plenty of hot coals, (compliments of Ray and a truck load of dry ex power poles and cross arms) cooking was underway from 11:00 o'clock onwards.

Good size fires meant lots of opportunity to try something different. Roasts, Stews, Pizzas, Paella, sausages, scones, dampers and muffins were all produced during the lunchtime cook off.

Plenty of cooking options were used to produce a great range of meals and snacks.

Many took the opportunity to try that something different. Here Sue & Vince are checking on the paella, while Vickie and Georgina get the pizzas ready for Clayton to cook up.

With all this activity, it pays to take a break every now and then, and none do it better than Ray!

Not only roasts were done, but those other things that make camp cooking so great.

Thanks to all that helped to make this a fun family affair.
